1. **PROPOSED:** add a sentence to the end of the 1st paragraph of the DISQUALIFY section of the Persian standard as follows:

**DISQUALIFY:** locket or button. Kinked or abnormal tail. Incorrect number of toes. Any apparent weakness in the hind quarters. Any apparent deformity of the spine. Deformity of the skull resulting in an asymmetrical face and/or head. Crossed eyes. An eye of more than one color (e.g., blue and copper).\*

\*The above listed disqualifications apply to all Persian cats. Additional disqualifications are listed under "Colors."

**YES: 48      NO: 62**

**RATIONALE:** this sentence is being added to disqualify cats with an eye that is multi-color, for example, an eye that is part blue and part copper.

**FOR INFORMATIONAL PURPOSES ONLY**

2. Now that Exotic Longhairs (ELH) can be shown for championship status and the offspring of an ELH to a Persian are not registerable, it has been proposed that there should be a cut-off date beyond which Exotics are not allowed to outcross to Persians. Do you agree with such a cut-off date now or in the future?

49 YES after a minimum of \_\_\_\_ years  
(0 year-1; 1 year-12; 2 years-8; 3 years-8; 4 years-1; 5 years-15; 10 years-2)

61 NO

**RATIONALE:** now that Exotic breeders can show their longhairs for titles, there seems to be no need for them to continue to outcross to Persians. They can simply use their now titled ELHs instead of Persians in their Exotic breeding programs.
